# How does Sage Pay enhance your current Sage software?

Sage technology has been combined to bring you integrated solutions that will change the way you do business. Save valuable time and money by optimising your business processes with a fully integrated Sage Pay account using your Sage Accounting and Payroll software.

## Get paid faster

Offer your customers more ways to pay you online or via your Sage invoices, including Instant EFT, Bank EFT, credit card, cash payments, MasterPass™ and Visa Checkout.

## Integrated payments

Make salary and supplier payments online or directly from your Sage Accounting and Payroll software using your Sage Pay account.

## Manage risk better

Manage your business risk and avoid fraud by conducting commercial and consumer credit checks from multiple credit bureaus and CIPC.

## Easy reconciliation

Take the hassle out of month end recon; one consolidated Sage Pay statement allows for easy reconciliations in your accounting software.

## Pay the right person

Relax in knowing that you are paying the right person every time. Validate and verify bank account numbers at point of capture in your Sage Payroll or Accounting software.

## Secure payments

Direct file uploads to Sage Pay prevents exposure of payment files. Payment batches can also be locked when uploading, so they cannot be edited in your Sage Pay account.

## Payment flexibility

Our Dated payment service ensures that all payments reflect on the same date in the beneficiaries' bank account, irrespective of where the account is held.

## Save money

Take advantage of our reduced transaction fees and save on bank charges when you process salary or supplier payments directly from your Sage software.
